ET-PoC-Study

Post-Questionnaire

1. How easy/hard did you experience the program comprehension tasks?

Very Easy	Easy	Neutral	Hard	Very Hard
☐	☑	☐	☐	☐

Optional Comment:

- teilweise neutral, meiste einfach

2. How do you feel after the study?

Very Exhausted	Exhausted	Neutral	Energetic	Very Energetic
☐	☐	☐	☑	☐

Optional Comment:

/

3. You are presented with the displayed code snippets. Which of the excerpts did you find particularly easy/difficult? Why?

   Please annotate them on the pages themselves.

4. How do your problem-solving strategies change with the code snippets?

- verändert hat sich eigentlich wenig
- input angeguckt, output und dann was berechnet wurde

Lehrstuhl für Software Engineering
Saarland Informatics Campus
Universität des Saarlandes

UNIVERSITÄT
DES
SAARLANDES

5. Did you detect any changes in yourself in comprehending the code snippets? If so, what did this change look like?

> /

6. Did **Type Annotations** (**number: int** instead of *number*) help you comprehend the code snippets?

Yes	No
☑	☐

How did they help? Please elaborate.

> - ist schneller gewesen
> - war nicht unbedingt verständlicher, hat aber mehr Zeit gebraucht ohne TA

7. Beyond this study, do Type Annotations help you comprehend code in general?

Yes	No
☑	☐

Why? Please elaborate.

> - wenn Doku fehlt, sind sie gerade in Python wo eine Variable alles sein kann, sehr nützlich

8. Were earlier or later code snippets easier for you to comprehend?

> - die späteren

9. Do you have any suggestions or ideas for improvement for us?

/
